ABOUT THE RETREAT

NCGR Buffalo–Cleveland proudly presents a rare opportunity to study with world-renowned astrologer, teacher, and author, Viktor Simon – known and loved in the astrological community as AstroViktor.

Join us for a transformative 3-day retreat titled "Remedy of the Planets," where AstroViktor will guide us through deep astrological teachings, illuminating the path to healing the more difficult or painful placements in our natal charts. If you've ever looked at your chart and wondered how to work through areas of struggle, suffering, or limitation, this retreat will offer profound insight and lasting tools.

Rather than surface-level fixes, Viktor encourages us to explore the root causes behind challenging planetary combinations – offering soulful, empowering remedies that begin with awareness, compassion, and transformation. Expect a game-changing experience that blends learning with inner healing, self-discovery, and a sense of cosmic connection.

YOU'LL ENJOY

- A 3-day immersive seminar with AstroViktor focused on understanding and transforming difficult chart aspects.
- Guided meditation and group energy healing sessions led by Suzy Woo, to ground, open, and integrate your experience.
- A powerful gong sound bath immersion on Saturday night to support energetic release and restoration.
- Opportunities to connect with like-minded souls, share insights, and build community.
- Time to explore New York's vibrant sights, arts, and culture.
